

Dear Families,

In September, Relationships Education and Health Education will become statutory in all primary schools in England.]

The Church teaches us that this is very much a partnership with parents, in which parents are the 'first educators' of their children on these matters; ultimately, you confer on us the right to co-educate your children with you.

We have been researching various programmes that are available and have decided to adopt **Life to the Full** by Ten Ten Resources. Ten Ten is an award-winning Catholic educational organisation that is well-respected and very experienced in this field of work.

Life to the Full has been approved by our diocese and we are confident that this programme is a very good fit for our school.

Ten Ten understands the important role that parents have in educating and nurturing their children on these matters. Within the programme, they have built-in resources that will keep you informed about what is being taught in school and allow you to engage your children in discussion, activity, and prayer.

We would like to have your feedback, and particularly on the key decisions that we need to take regarding the teaching of certain topics. To this end, we have opened a consultation period during which we welcome your feedback.

There is an online **Parent Consultation Tool** with a simple-to-follow, short online course that provides more details about what your child will learn. It also provides some information about **key decisions** we need to make, such as when particular topics are taught.

Once you have completed the course, you then need to fill out our **online questionnaire**.

There is also an **Online Parent Portal** which you can use throughout the year to keep you informed and updated about the work we are doing in school.

To take part in the consultation, please do the following:

- Access the Parent Consultation Tool here:

Password: shells-three
- Undertake the Parent Consultation course provided.
